**Lambda Alpha International**, an honorary society founded in 1930, provides a forum for the study and advancement of land economics. LAI is the international network for distinguished professionals in all fields related to the use and development of land. LAI is committed to promoting best practices and making a difference in our communities. The 2,500-plus members of LAI make valuable connections locally and with peers worldwide. LAI has a growing network of Chapters in North America, Europe, Asia, and the Middle East. Our local Chapters offer a variety of programs with top speakers, relevant forums, and events.

To distinguished professionals in all fields related to the use and development of land, LAI is a selective, networked international association where members develop valuable connections. LAI is committed to providing meaningful services to help Chapters and Members share best practices and make a difference in our communities worldwide.
