9. **Jane M. Schaab**  
**Senior Vice President and Executive Director, UM BioPark**  
**Assistant Vice President, Economic Development, University of MD,**  
**Baltimore**

The mission of the BioPark is to create a university-associated research park that accelerates biotechnology commercialization and economic development in the surrounding community and throughout the region.

The 12-acre BioPark will boast 1.8 million square feet of lab and office space in 12 buildings plus garage parking and landscaped parks at final build-out. By 2010, 470,000 square feet in 2 multi-tenant buildings, one 638-space parking garage and the State of Maryland's new Forensic Medical Center were completed. Development of a third multi-tenant commercial building is planned and a new clinical facility, the Maryland Proton Treatment Center, is under construction.

10. Adjournment.
