BALTIMORE CHAPTER OF LAMBDA ALPHA INTERNATIONAL

CHAPTER MEMBER NEWS

Congratulations! Quinn Evans is the 2024 winner of the AIA Architecture Firm Award.

The annual AIA Architecture Firm Award is the highest honor the AIA bestows on an architecture practice.

The award recognizes a firm that has consistently produced distinguished architecture for at least 10 years.

The firm was among the first firms to demonstrate that sustainable design can and must be incorporated into existing and historic buildings, and it continues to advance preservation as a method of social empowerment.

Special congrats to David Benn, Brandon Schultz, and Nakita Reed!
